## PROPOSED NEW LANGUAGE SET INTO THE EXISTING CODE SECTIONS

### INCREASING VISITATION FOR GRANDPARENTS/OTHER RELATIVES IN THE YOUTH CODE

At the last Council meeting, Legal was tasked with looking at options for ensuring that Squaxin youth in the foster care/dependency system maintain ties to their family, Tribe, and culture, and in particular, their biologic grandparents.

To accomplish this, I am proposing two changes to the Youth Code. These code changes would only affect children who are in the Squaxin youth court. In other words, if a family was not actively involved in an ICW case, the family would maintain the rights and control over who can and cannot visit children.

In the youth code, though, the Court would be required to assume that visits with biologic grandparents and other close relatives are in the best interests of the children, good reason (for example safety) not to have those visits. This would happen in both open ICW cases and guardianships.

First, I provide the new proposed language by itself, and then the proposed language set out in red-line in the context of the existing code.

#### PROPOSED NEW LANGUAGE

For active ICW cases:

Visitation: The Court shall set orders regarding visitation between the youth and his or her parents that are best suited to serve the youth's best interests while maintaining the youth's physical and emotional safety. The Court may also set orders regarding visits with other extended family by the same criteria. Unless the Court finds good reason to the contrary, it shall be presumed that it is in the youth's best interests to have visits with the youth's extended family, including grandparents.

For Guardianships:

Unless the Court finds good reason to the contrary, it shall be presumed that it is in the youth's best interests to have visits with the youth's extended family, including grandparents.
