- (F) The hearing shall comport with the other provisions of these regulations concerning violation hearings.
- (G) All renewal applications shall be reviewed and evaluated by the licensing authority if no hearing is scheduled. The licensing authority may refuse to renew any license for good cause as that term is defined in this chapter and any applicable local law or regulation.
- (H) If an applicant has been denied renewal of a local marijuana license, then that applicant shall be required to wait twelve months before re-applying for a local marijuana establishment license in the city.
- (I) **A licensee must apply for a renewal prior to the expiration of the license.** A licensee who **timely applies for renewal** and pays the requisite fee may continue to operate until the licensing authority has taken final action to approve or deny the licensee's renewal application.
- (J) **Except as permitted under subsection (I) of this section,** a licensee whose license has expired shall not, under any circumstances, distribute, or sell any marijuana until a new required license has been obtained.

Section 14. Section 5-42-250 of the Broomfield Municipal Code is hereby amended to state as follows:

5-42-250 Operational requirements.

- (A) Minimum standards. A marijuana establishment shall not be permitted to operate until the licensee has acquired all of the necessary permits, licenses, and authorizations, including a certificate of occupancy, and demonstrates implementation of the requirements of this section.
- (B) Compliance with plans. Marijuana establishments shall fully comply with the security plan, community outreach plan, and any sustainability, employment, or other plan approved by the authority for the location.
- (C) Video surveillance. Marijuana establishments are required to install a video surveillance system satisfying the minimum standards described below, in addition to the state requirements set forth in 1 CCR 212-3, as amended:
 - (1) All surveillance recordings shall be retained for a minimum of sixty days and shall be in a digital format that can be easily accessed for viewing and that ensures authentication of the recording as being legitimately captured without alterations.

FINAL APPROVED VERSION

- (2) In addition to maintaining surveillance recordings in a locked area on the licensed premises, a copy of the surveillance recordings must be stored at a secure off-site location or through a network "cloud" service that provides on-demand access to the recordings. The off-site location or network service provider shall be included in the security plan submitted to the city and updated within seventy-two hours of any change to the location or provider.
 - (3) Video surveillance records and recordings must be made available immediately upon request of the licensing authority, local licensing authority, or police department.
 - (4) If video surveillance or storage equipment becomes inoperable, or storage network service becomes disabled, the marijuana establishment shall cease all transactions and require all patrons to exit the building until the equipment or network service is made operable.
- (D) Security alarm system. All marijuana establishments shall install, maintain, and use a professionally monitored security alarm system meeting the following requirements:
- (1) The system shall provide coverage of all facility entrances and exits, rooms with exterior windows, rooms with exterior walls or walls shared with other building tenants, roof hatches, skylights, and storage rooms containing safes or vaults;
 - (2) The system shall include at least one silent holdup or duress alarm that can be manually triggered in case of emergency;
 - (3) The alarm system must be equipped with a failure notification and a battery backup system sufficient to support a minimum of four hours in the event of a power outage;
 - (4) The alarm system must be monitored by a company that is staffed twenty-four hours a day, seven days a week. The security plan submitted to the city shall identify the company monitoring the alarm, including contact information, and shall be updated within seventy-two hours in the event the monitoring company is changed; and
 - (5) The licensee shall maintain for a period of three years reports of any incidents triggering an alarm, and such reports shall be made available to the city during any inspection of the facility.
- (E) Secured storage. All marijuana establishments must install a safe or vault for storage of cash on the premises and a separate safe or vault or equivalent secured fixture for storage of marijuana on the premises when the business is closed to the public. The safes or vaults must be incorporated into the building structure or secured to the structure in such a manner as to prevent removal **and are strongly preferred to be located within a secured room and not on the sales floor.**

FINAL APPROVED VERSION

- (F) Proof of age. The business shall verify the proof of age of every person entering the licensed premises **and again prior to** completing a sale therein, by a form of valid identification listed in **Code of Colorado Regulations** 1 CCR 212-3 **rule** 3-405(C), as amended. The business shall verify the proof of age of every person entering the business with an electronic identification scanner. An electronic identification scanner is a device that is capable of quickly and reliably confirming the validity of an identification using computer processes. If the proof of age scanner becomes inoperable, the equipment shall be replaced within seven days, and the establishment may not conduct or permit any employee to conduct any sales transactions while the electronic identification scanner or equipment is inoperable.
- (G) Odor management. For all marijuana establishments, the odor of marijuana must not be perceptible to an ordinary person at the exterior of the building of the licensed premises or in any space adjoining the licensed premises.
- (H) Hours of operation. Marijuana establishments may only be open to the public between the hours of 8:00 a.m. and 10:00 p.m., daily. No sale, delivery, or other distribution may occur outside of those hours. Hours of operation must be posted at the main entry of the store.
- (I) Documents to be displayed. All marijuana and sales tax licenses shall be conspicuously posted inside the establishment near the main entrance.
- (J) Contact information for a business representative that the public may contact with concerns or comments shall be conspicuously posted inside the establishment near the main entrance.
- (K) Registered manager. No marijuana establishment shall be operated or managed by any person other than the **licensed operator**, with the exception of a manager registered with the authority. Such licensee or manager shall be on the premises and responsible for all activities within the licensed business during all times when the business is open. In the event the licensee intends to employ a manager who was not identified on the license application, the licensee shall report the name of such manager to the licensing authority, and such manager shall submit to the licensing authority, at least twenty-eight days prior to serving as a manager, an application containing all of the information required for a manager by this chapter on a license application, and shall submit the requisite fees. A licensee shall report to the licensing authority any change in managers at least twenty-eight days prior to employing an additional manager, and no more than five days after a manager is released from such position. Notwithstanding the foregoing, when a licensee reports to the licensing authority as a new manager a person who holds an active occupational license from the state licensing authority as a key employee and provides proof thereof in the application, the person may begin serving as a manager of the licensee immediately and until such time as the licensing authority acts on the application. Any timely report of a change in manager may be approved administratively. However, the authority may refuse to accept any person's registration as a manager

upon a determination that the person's record or reputation is unsatisfactory to ensure safe, lawful, and effective management of the marijuana establishment.

(L) Inspections.

- (1) Grant of authorization. By signing and submitting a license application, the applicant/licensee certifies that the applicant/licensee has received permission from the property owner to allow inspections as may be required under state or local licensing law. In addition, the licensee authorizes city staff designated by the city manager to enter upon and inspect the premises upon presentation of official credentials. These inspections are part of the routine policy of inspection and enforcement of these regulations for the purpose of protecting the public safety, individuals operating and using the services of the marijuana establishment, and the adjoining properties and neighborhood. This rule shall not limit any inspection authority authorized under any other provision of law or regulation, including those of police, fire, building, and code enforcement officials.
- (2) Initial inspection. The city shall inspect all marijuana establishments prior to final issuance of a license to verify that the facilities are constructed and can be operated in accordance with the application submitted and the requirements of laws of the city and the state. **The selection committee, or its delegate(s) shall establish criteria for this initial inspection.** The initial inspection shall occur after the marijuana establishment is ready for operation, but a license that has not yet become final shall not entitle the licensee to allow marijuana to be present on the premises before the inspection is complete.
- (3) Regular inspections. At a minimum, the city shall be authorized to perform regular inspections on a quarterly basis during the first year following licensure, and on a yearly basis prior to license renewal following the first year of operation.
- (4) Random inspections. The regular licensing inspection procedures described shall not prevent the city from inspecting marijuana establishments at random intervals and without advance notice.
- (5) Inspection of records. Upon request, the licensee or manager on duty shall retrieve and provide any relevant business records pertaining to the inspection, including but not limited to, security camera recordings, marijuana inventory manifests, and copies of invoices and receipts. The city may require any licensee to furnish such information as it considers necessary for the proper administration of these regulations.

- (M) Reporting of source, quantity, and sales. The records to be maintained by each marijuana establishment shall include the source and quantity of any marijuana distributed, produced, or possessed within or from the premises. Such reports shall

FINAL APPROVED VERSION

include the following information, at a minimum, for both acquisitions from wholesalers and sales transactions:

- (1) Date, weight, type of marijuana, and dollar amount or other consideration of transaction;
 - (2) For wholesale transactions, the sales and use tax license number of the seller from the State of Colorado and city, if any; and
 - (3) The amount of marijuana within the marijuana establishment. Each year, with the licensee's application for license renewal, the licensee shall submit a report to the authority with this information for the prior operational year. The secretary of the authority may designate the form of the report.
- (N) Reporting of criminal activity. Reports of all criminal activities or attempts of violation of any law at the marijuana establishment, including the curtilage surrounding the licensed premises and the designated parking area, or related in any way to the marijuana business, shall be reported to the police department immediately and to the city manager or his or her designee by the licensee within twelve hours of occurrence. Additionally, any violation of any law related in any way to the marijuana business by any licensee, controlling beneficial owner, manager, principal officer, agent, or applicant of the marijuana business shall be reported to the city manager or his or her designee within seventy-two hours.
- (O) Disposal of marijuana and marijuana byproducts. All marijuana and any **marijuana byproduct** must be made unusable and unrecognizable prior to removal from the business in compliance with all applicable laws. This provision shall not apply to licensed law enforcement, including, without limitation, the police department and local fire district.
- (P) The manager of a marijuana business is required to respond by phone or email within twenty-four hours of contact by a city official concerning its marijuana business at the phone number or email address provided to the city as the contact for the business. Each 24-hour period during which an owner or manager does not respond to the city official shall be considered a separate violation.
- (Q) Confiscation of Fraudulent IDs. If a licensee or an employee of a marijuana business has reasonable cause to believe that person is under twenty-one years of age and is exhibiting fraudulent proof of age in an attempt to enter a marijuana business or to obtain any marijuana or marijuana product, the licensee or employee shall be authorized to confiscate such fraudulent proof of age. Within seventy-two hours, any fraudulent proof of age confiscated shall be turned over to the Broomfield Police Department.
- (R) Signs and Advertising.

FINAL APPROVED VERSION

- (1) Marijuana establishments are prohibited from using the terms "pharmacy," "pharmacist," "pharmaceutical," "RX," or any other similar variation of such terms as their corporate, business, or "doing business as" name, so as to prevent a reasonable person from concluding such business is involved in the practice of pharmacy, as regulated by **the state**. Additionally, no marijuana establishment may use any of the above terms or any similar variation thereof in any of its signs, placards, promotional, or advertising materials.
- (2) Any person or premises licensed as a marijuana establishment shall comply with all city ordinances regulating signs and advertising. In addition, no marijuana establishment shall use any advertising material that is misleading, deceptive, false, or that, as evidenced either by the content of the advertising material or the medium or the manner in which the advertising is disseminated, is designed to appeal to persons under eighteen years of age.
- (3) Except as otherwise provided in this subsection 3, no marijuana establishment shall advertise any marijuana product anywhere in the city where the advertisement is visible to members of the public from any street, sidewalk, park, or other public place, including advertising utilizing any of the following media: any billboard or other outdoor general advertising device as defined by the zoning code; any sign mounted on a vehicle; any hand-held or other portable sign; or any handbill, leaflet, or flier directly handed to any person in a public place, left upon a motor vehicle, or posted upon any public or private property without the consent of the property owner. The prohibition set forth in this section shall not apply to:
 - a. Any sign located on the same zone lot as a marijuana establishment which exists solely for the purpose of identifying the location of the marijuana establishment and which otherwise complies with the city's zoning requirements and any other applicable city laws and regulations; or
 - b. Any advertisement contained within a newspaper, magazine, or other periodical of general circulation within the city; or
 - c. Advertising which is purely incidental to sponsorship of a charitable event by a marijuana establishment.
- (4) For purposes of the subsection, the terms "advertise," "advertising," or "advertisement," mean the act of drawing the public's attention.

Section 15. Section 5-42-270 of the Broomfield Municipal Code is hereby amended to state as follows:

Any request for transfer of ownership of any license issued more than two years after the date the license was issued, or in the event of death of the sole proprietor and a request to transfer ownership to the sole proprietor's heir, shall require the filing of an application and payment of the requisite fees, and shall be subject to all licensing requirements and shall be heard and approved or denied by the local licensing authority.

 - (3) Any transfer of the capital stock of any corporation, or transfer of any limited partnership interest in any general partnership of a limited partnership, or transfer of any limited liability company interest in a limited liability company of any kind, joint venture or business entity that results in any individual owning more than ten percent of an ownership interest in the business entity if that individual's ownership interest did not exceed ten percent prior to the transfer.
 - (4) A change of corporate structure that results in any transfer or assignment of less than ten percent of the capital stock of any corporation or less than ten percent of the ownership interests of any limited partnership interest in any year to a person who currently has an interest in the business, and that does not result in a change of controlling interest, shall not require an application for change of corporate structure.
- (D) No application for transfer of ownership or change in corporate structure may be approved by the local licensing authority until all city and state occupational taxes, city and state sales and use taxes, excise taxes, any fines, penalties, and interest assessed against or imposed upon such licensee in relation to operation of the licensed business are paid in full.

FINAL APPROVED VERSION

- (E) In determining whether to permit a transfer of ownership, the local licensing authority may consider the requirements of state statutes and the Colorado Marijuana Rules. - (F) A licensee of a license issued pursuant to this chapter shall report each transfer or change of financial interest in the license and/or the licensee to the local licensing authority prior to any such transfer or change pursuant to and in accordance with the provisions of state statutes and the Colorado Marijuana Rules. In determining whether to permit a transfer of ownership, the local licensing authority shall consider only the requirements of the Colorado state laws and all regulations and requirements set forth in this chapter.
- (H) A marijuana establishment shall notify the licensing authority in writing within ten days after an owner, officer, agent, or employee ceases to work at, manage, own, or otherwise be associated with the operation. The owner, officer, or employee shall surrender his or her identification card to the state licensing authority on or before the date of notification. A licensed operation shall also notify the licensing authority in writing of the name, address, and date of birth of an owner, officer, manager, or employee within ten days of the new owner, officer, or employee begins working at, managing, owning, or being associated with the operation.
